Unbelievable Beasts

2 x 60'

EPISODIC BREAKDOWN

1. Unbelievable Beasts 1

A half-tonne tiger and lion hybrid; a 55lb salamander; a spider the size of a dinner plate; and a giant beach worm. These are animals so extraordinary, they seem almost to be impossible. So how do these remarkable animals do what they do? We meet the experts, and unlock their secrets in the quest for the world's unbelievable beasts.

2. Unbelievable Beasts 2

From the cane toad and frog to the Tasmanian devil, Humboldt squid, frill-neck lizard and chameleon, we explore how these animals bite, burrow and bluff to survive. We meet the experts who research the species in question, and unlock the secrets of their improbable survival in the quest for the world's unbelievable beasts.
