Genghis Khan's Mongolia

3 x 60' & 1 x 90'

EPISODIC BREAKDOWN

1. Episode 001

Conquerors, rulers, patrons, warlords - the lives of Genghis Khan's 'Golden Family' are the stuff of legend. But despite stories of ingenuity, brutality and grandeur, most know surprisingly little about this extraordinary dynasty and the people they led to take over the world. Across three episodes, we explore the story of the Mongols from their beginnings right through to the eventual collapse of their dynasty. Each episode will combine the latest archaeological finds from key sites, CGI reconstructions and spectacular drama. With unique access, magnificent landscapes, epic stories, archaeological revelations, and memorable scenes of real life in China and Mongolia today this is immersive, innovative and informative history television that reveals the secret history of the Mongols.

1. Rising Power

The rise of the Mongols and their far-sighted leader who began an empire that changed the world.

2. Expanding Empire

Kublai Khan, grandson of Genghis, made the Mongols unstoppable, defeating China from his magnificent new Mongol capital.

3. Lasting Impact

The Mongol Empire dominated China and much of Asia and Europe – trading across the world. We explore its zenith and eventual collapse.
