

ALCATRAZ – LIVING HELL

Alcatraz was the country's first maximum security penitentiary, designed for troublemakers both high risk and high-profile.

Alcatraz... its inmates have included infamous gangsters and cons like Al Capone, Machine Gun Kelly, "The Birdman" Robert Stroud and many other criminals who were no less dangerous. Inside, each was sentenced to a level playing field of hard time, hard work and hard rules. Inside, there were no privileged prisoners and the pecking order was determined by sheer cunning and ruthlessness.

Over 29 years, these desperate inmates challenged the prison again and again. The Rock was tough, but the inmates were convinced they were tougher.

Go behind the legend and discover the strengths and weaknesses of Alcatraz. Uncover the incredible story of man versus prison in **Alcatraz – Living Hell**.
